Views of the Chairman

KBM is strongly aligned to an educational paradigm that focuses on empowering students with appropriate life skills and a sound knowledge domain bearing particular relevance in the context of a globalized world.

KBM school aims to deliver an international educational programme beyond the limits of the academic curriculum. It offers a wholesome and sound education with perfection to accomplish the need of the modern era.

Our expectations are high, not only from our pupils but from our staff as well. Each one must recognize the value of a caring and motivational atmosphere and be aware of the need to work in partnership with parents for the future success of the students as they prepare for the opportunities, responsibilities and experience of adult life.

I invite Parents and students to be a part of the KBM family, Sharing common ideals and aspirations as we forge through a proven challenge and enriching educational experience for students.

Mewa Singh Bola
Chairman
KBM Public School

Principal's Message

It is our earnest endeavour to impart value based education. We believe that learning is a life long process and that meaningful education opens up horizons for persistent learning. The Smt. Kunani Bola Memorial Public School is committed to excellence in quality education to provide skills, knowledge and environment to students enabling them to have scientific temperament and social sensitivity. We want our students to become responsible and ethical citizens of the nation and shape their careers for betterment of self and our nation. Education makes a man, perfect. We emphasize not only on education based on plain information, but on the importance and value of each information, which converts information into true knowledge.

We promise to abide by our aims and leave no stone unturned to achieve our goal of value based education.

Academic

In KBM education is imparted to students from LKG to IX stage in various spheres of life and subjects. The elementary stage learning starts from Nursery and proceeds into LKG and UKG which is known as Pre-Primary section.

A. Pre-Primary Section

The Pre-Primary Section consists of three classes viz. Nursery3+LKG4+UKG5+age of children only. At these formative stage of a child emphasis is laid on learning through cognition, effectivity

and conation. The children are provided increasing opportunities to see, hear, recognize and understand in a free environment. They learn to speak and listen to language in natural interactive setting.

education every competitive exams needs to meet the challenges. In view of this fact the team of our teachers is determined to make the students more responsible to shape their career amiably and affably.

Our Belief

At the KBM we believe that every students has the potential to become an excellent professional.

We believe that every students has the potential to develop into available and wrothy citizen of India.

We believe that education is most fruitful when individuals share it.

We believe that learning is a life long process and that meaningful education opens up horizons for persistent learning.

We believe that lessons in discipline imbibed by the

year to cultivate the virtues of tolerance, Understanding and co-operation.

Sports and Games

As the school firmly believes that healthy mind resides in a healthy body. Required facilities for indoor & out door games are available in the school premises. The school bears indoor games hall and a vast playground for out door games. The school has various swings, slides and sea-saw for our little children. The students are given coaching by the experienced physical instructors.

Cultural Activities

It is faith of the KBM that bookish knowledge is not sufficient for the all round development of the personality of the students. Without cultural and literary activities, one's life is dull and gloomy. Keeping this point in mind, the KBM gives

Location and School Campus

The KBM Public School, Mandrella is Located at Chirawa Road Mandrella. The whole campus of the KBM has been developed especially for the purpose of imparting value based education. It has been beautifully landscaped with well kept lush green lawns, colourful flowerbeds & shaddy trees. Its location is quiet and peaceful. indeed ideal for academic pursuits, close to the nature in a totally pollution free environment and truly conducive to higher contemplation, growth and learning.

B. Primary Section

The Primary Section consists of classes 1 to V. in this section, ample scope is offered to the students for the development of useful skills concerning identification, classification, segregation, assimilation, match-making etc. likewise they are given outlets to make drawing and count numbers informally so as to enhance the innate quality of creativity. Apart from the main subjects like English, Maths, Social Studies, Hindi, Computer & General Knowledge more stress is laid on conversation in English.

C. Upper Primary Section

The Upper Primary Section consists of the classes-VI to IX. In this section, main teaching subjects are English, Hindi, Sanskrit, Maths, General Science and Social studies. In the new era of modern

students. make them responsible and responsive citizens.

Our Vision

The KBM Public School has a vision to be an excellent institution for professional learning for students comparable to the best in the field of education.

Co-Curricular Activities

The KBM provides every opportunity to each child, to show his/her telents in games, sports and cultural activities. To

foster healthy competitions among the students, they are divided into four houses, Red, Yellow, Green & Blue. Various activities are conducted round the

due importance to rest aspects of life viz cultural activities, functions and celebrations. The school provides ample opportunities to each individual students to come up to stage through debating, drama, elocution, singing and dancing. Annual function is must for the students. The school is devoted to leave no stone unturned in making the students noble citizens and infusing spirit of nationalism in them.

Music

Music is the tonic which removes the fatigue and provides freshness to one's body and mind. As the darkness cannot stay before the light, tiresome and boredom cannot stay before the music. Having these aspeets as approved truths. the KBM has acquired musical instruments and trained experienced music teacher to

train and guide the students in field of music and dance.
